4. ETC

- 1) Students and their families are also welcome to attend, so we encourage everyone to come and receive treatment.
- 2) In the case of dentistry, extractions and surgeries are also possible.
- 3) You can experience CPR first-hand.
- 4) You can learn Heimlich first aid.

5. Preparation

- 1) On Wednesday, October 2nd and Thursday, October 3rd, please designate a person in charge of organizing each lab.

The person in charge of organizing will mobilize students to create a clinic, and will be responsible for rearranging them after the clinic is over.
